

## What is the Comprehensive Plan?

The Comprehensive Plan is a tool for guiding the growth, redevelopment and improvement of Wayzata.

The City's Comprehensive Plan is a framework for development through 2040.

The plan dictates public policy in terms of transportation, utilities, land use, recreation, and housing.

Every ten years, the Metropolitan Council requires all cities within the seven-county metropolitan area to update their Comprehensive Plan.

City Development Plans (Most notably The Lake Effect Project)

Community Input through City-wide visioning - Wayzata 2040 Project

Comprehensive Plan Update

## The public's VOICE of the comprehensive plan

Wayzata 2040, Sailing Ahead is the city visioning project. YOUR chance to have your voice added to the comprehensive plan update, influencing the future of the city.

A Visioning process allows our residents and all City stakeholders to explore the City's assets and determine where they would like to see Wayzata in 10, 20, 30 years' time.

It is a proactive and highly-engaged process that enables the community to take control and shape their own future.

Wayzata 2040, Sailing Ahead will create shared goals which will ensure that every decision made in Wayzata's Comprehensive Plan brings the City closer to the vision developed by the entire community.

### How does the Lake Effect Project fit into Wayzata 2040, Sailing Ahead?

Lake Effect was a planning project that worked tirelessly with residents and stakeholders to define what Wayzata's lakeshore should look like.

Wayzata 2040, Sailing Ahead is a City-wide project that will build on the decisions and aspirations from the Lake Effect project and rely on the City residents' deep knowledge to build a vision for the entire City.

This visioning will not alter the lake effect parks project or any decisions that came out of the lake effect.

## Project Timeline

August - September

Community Survey, Benchmark analysis and Task Force Workshop

October - November
